

SAMUEL B. HUGO.

[To accompany bill H. R. No. 203.]

MARCH 5, 1840.

Mr. STRONG, from the Committee on Invalid Pensions, made the following

REPORT :

*The Committee on Invalid Pensions, to whom was referred the petition of Samuel B. Hugo, late surgeon's mate in the United States army, beg leave to report :*

That they concur in and adopt the following report made by the Committee on Invalid Pensions in the 24th Congress, and ask leave to report a bill in conformity thereto :

"It appears, in evidence, that the petitioner was ordered by General McComb, on the 6th of September, 1814, to convey an order to Colonel Appling, of the first regiment of riflemen. While in the act of delivering the order, his horse was shot by the enemy's light troops. The violent exertion made to disengage himself from the horse, caused a rupture in his groin, which has, of late years, deprived him of pursuing his profession. William Beaumont, surgeon, in the United States army, certifies that petitioner is disabled one-half."
